

# U.S.-PANAMA TRADE PROMOTION AGREEMENT

## Tennessee Farmers Will Benefit

---

September 2011

The U.S. agricultural sector has a great deal to gain from the pending U.S.-Panama Trade Promotion Agreement, known as the Panama TPA. The agreement will immediately eliminate duties on nearly 50 percent of current U.S. exports and gives U.S. exporters improved access to the Panamanian market for many products that have been highly protected. U.S. agricultural exports to Panama in 2010 exceeded \$450 million.

The Panama TPA agreement eliminates tariffs and other barriers on most agricultural products, increasing export opportunities for a range of Tennessee's agricultural products, including beef, poultry, and soybeans. Tennessee's agricultural exports to all countries, estimated at \$980 million in 2010, supported roughly 8,200 jobs, on and off the farm. These export sales make an important contribution to the Tennessee farm economy, which had total cash receipts of \$3.0 billion in 2010.

### Beef

- Panama will immediately eliminate its 30-percent duty on the products most important to the U.S. beef industry – prime and choice cuts. Panama's tariffs on other cuts of beef will be phased out over 15 years.
- The 10-percent tariff on beef tongues and livers will be eliminated in 5 years, and the 15-percent tariff on other edible offal will be eliminated immediately.
- Panama has already implemented a December 2006 bilateral agreement with the United States on SPS, reopening its market to U.S. beef by bringing its import requirements related to bovine spongiform encephalopathy into compliance with international standards.
- Panama also accepted the equivalence of the U.S. meat inspection system, which allows U.S. inspectors to certify beef for export to Panama without having each facility and shipment inspected by Panamanian authorities.

### Poultry and Eggs

- The 260-percent tariff currently applied to chicken cuts will be eliminated immediately for mechanically deboned chicken, within 5 years for wings, and within 10 years for other chicken cuts except leg quarters.
- For chicken leg quarters, Panama will provide immediate duty-free access within a preferential tariff-rate quota (TRQ) that starts at 660 metric tons and grows 10 percent annually. The 260-percent over-quota tariff will be eliminated in 18 years.
- U.S. poultry exporters will continue to have access to the global 756-ton TRQ for chicken cuts that is part of Panama's World Trade Organization (WTO) commitments.
- Panama will immediately eliminate its 15-percent duties on turkey meat for frozen whole turkeys and most frozen turkey cuts. The 15-percent tariffs on processed turkey and chicken will be eliminated within 5 years.
- Panama has already implemented a December 2006 bilateral agreement with the United States on sanitary/phytosanitary measures (SPS), recognizing the equivalence of the U.S. meat inspection system and thereby allowing U.S. inspectors to certify poultry for export to Panama without having each facility and shipment inspected by Panamanian authorities.

### Soybeans and Products

- Panama's current zero-tariff treatment for soybeans and soybean meal will be locked in place immediately upon implementation of the agreement.
- The current zero-tariff treatment for crude soybean oil will also be locked in place immediately, while the 20-percent tariff on refined soybean oil will be phased out in 15 years.

### Corn

- Panama will provide immediate duty-free access for corn with a 298,700-ton TRQ that will grow 3 percent annually. The 40-percent over-quota tariff will be eliminated in 15 years.
- The current zero-tariff treatment for crude corn oil will be locked in place immediately. For refined corn oil, Panama will provide immediate duty-free access within a 368-ton TRQ that grows each year by 5 percent. The 30-percent over-quota tariff on refined corn oil will be phased out within 10 years.

### Distilled Spirits

- Panama's tariffs on distilled spirits range from 10 to 15 percent, although its WTO commitments allow rates as high as 86 percent on some of these products. Under the Panama TPA, Panama's tariffs on all distilled spirits will be eliminated immediately.

<b>Tennessee Principal Agricultural Products and Exports, 2010</b>		
<b>Product</b>	<b>Cash Receipts (2010 calendar year)</b>	<b>Exports (2010 fiscal year)</b>
<b>Total</b>	<b>\$3.0 billion</b>	<b>\$980 million</b>
Cattle and Beef	\$545 million	\$37 million
Poultry and Egg Products	\$521 million	\$65 million
Soybeans and Products	\$517 million	\$290 million
Feed Grains	\$287 million	\$66 million
